

Lesley Harper (Centre for Training and Development) [CETAD] and East Lancashire NHS Trusts

Provisional Poster Theme

Developing a Multi-Agency & Multi-Professional Approach to Practice Education to Meet the Changing Nature of Work in NHS Care Settings (an employers' perspective)

Synopsis

Using a case study from current practice to illustrate the processes involved the poster presentation aims to highlight some of the key factors facing NHS Practice Education Facilitators as they work towards developing systems for inter-professional learning. The poster will also draw on and highlight examples of good practice and lessons learnt from the unique partnership between CETAD, School of Health and Medicine and the three NHS Trusts of East Lancashire.
