

## Family Activity 12: Primary Leaflet Ladder

This document contains images from the Primary leaflet:

### **Preparing For Further and Higher Education Whilst In Primary School: Never Too Young to Start!**

The ladder and cards can be used in a variety of ways, for example:

- ✓ Create display
- ✓ As a basis for discussion in small group work

The cards can be given out and placed on the ladder, with parents discussing which reasons might be more important for them and their child. Remember important to stress reasons may be different for each person. Parents could be asked to generate their own reasons and statements for the ladder.

#### **Never Too Young To Start!**

Advice and information for  
parents in Lancashire

The images can provide the basis for discussion about things that parents can do to help their child to become more independent and find out about options available after they leave school.

### **Family Activity 13 Aimhigher Insect cards**

These can also be used with

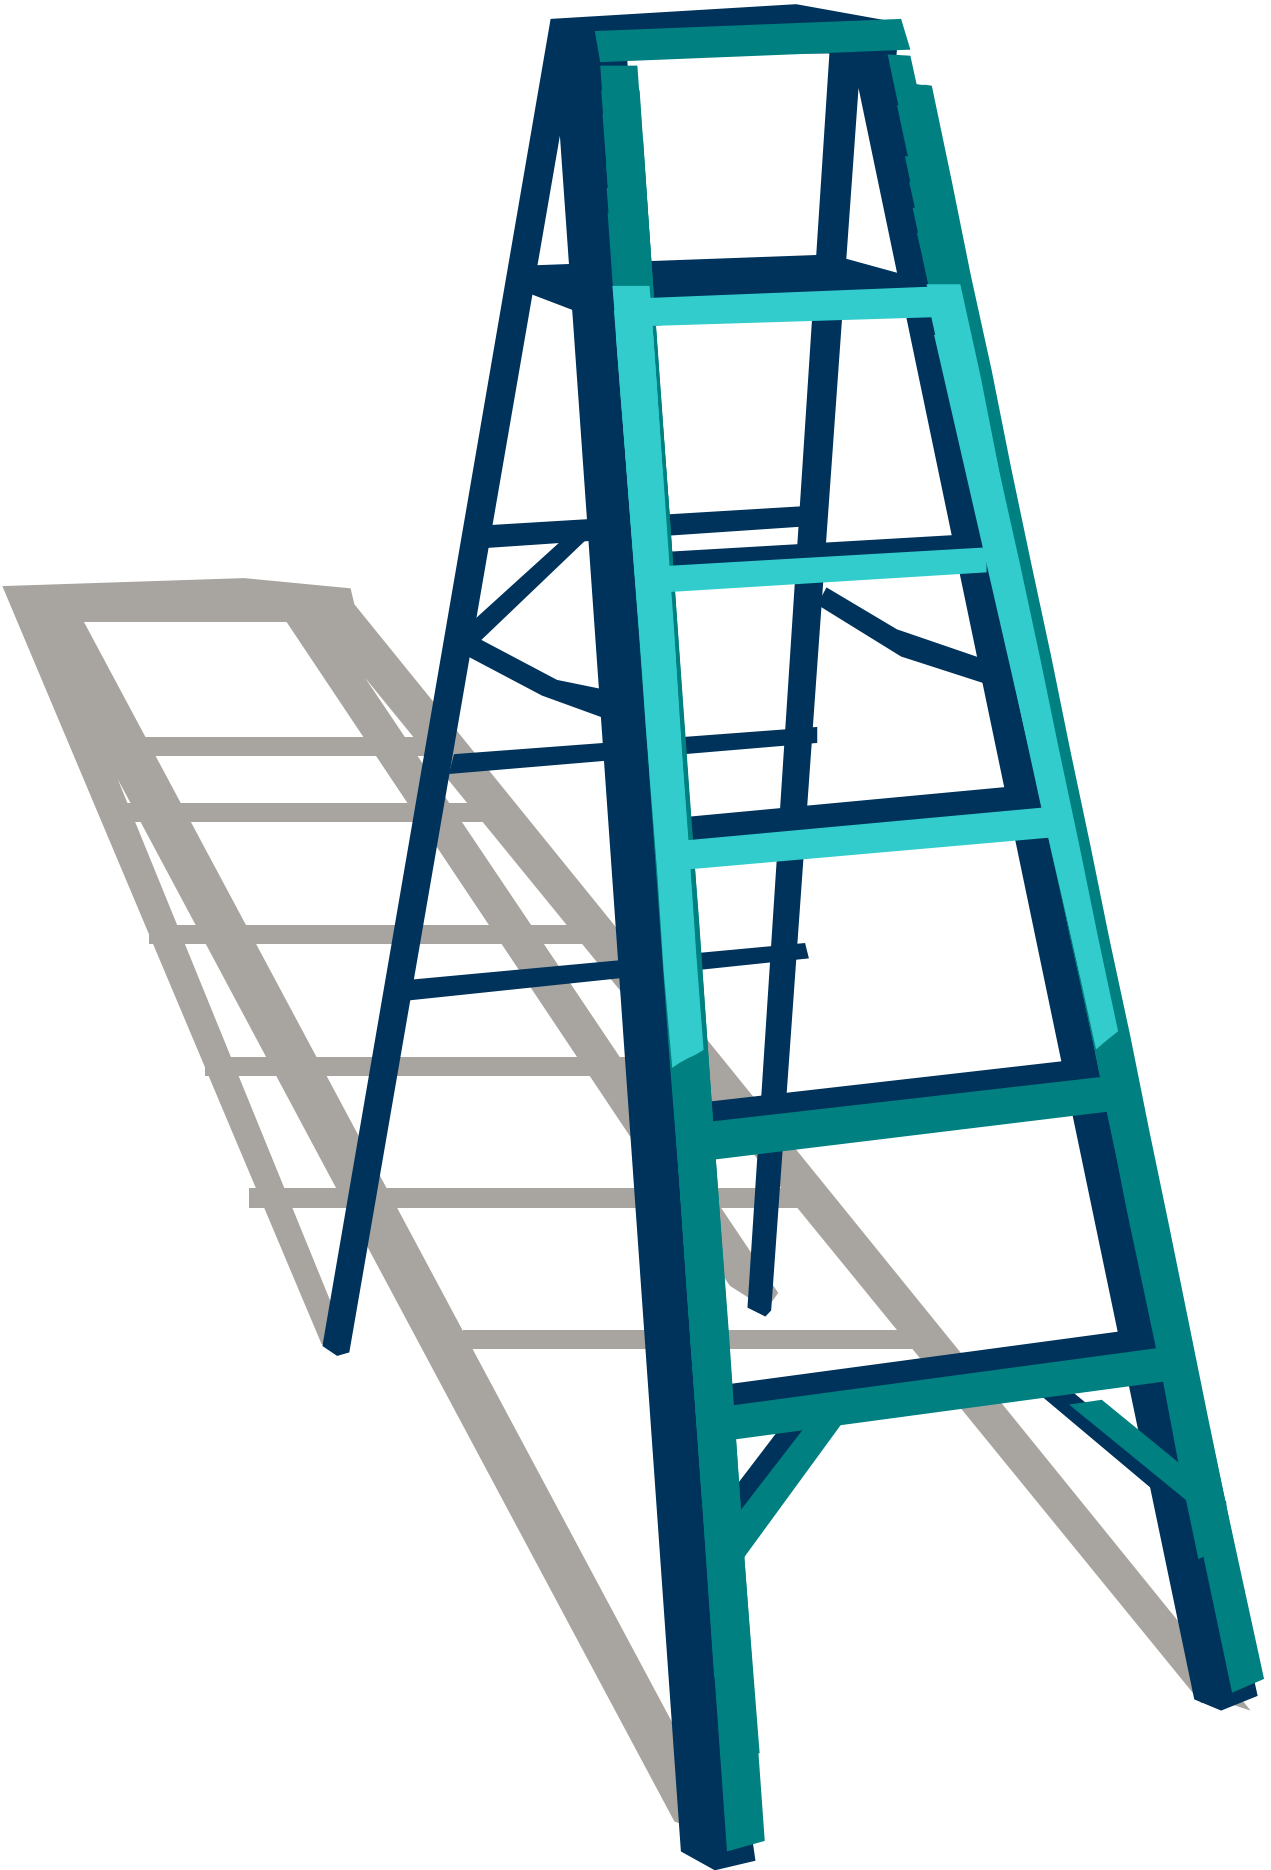

Family Activity 7 as a stimulus when working in a family context for thinking about subjects and careers, or as an example of the way parents can encourage their children to think about different subjects.

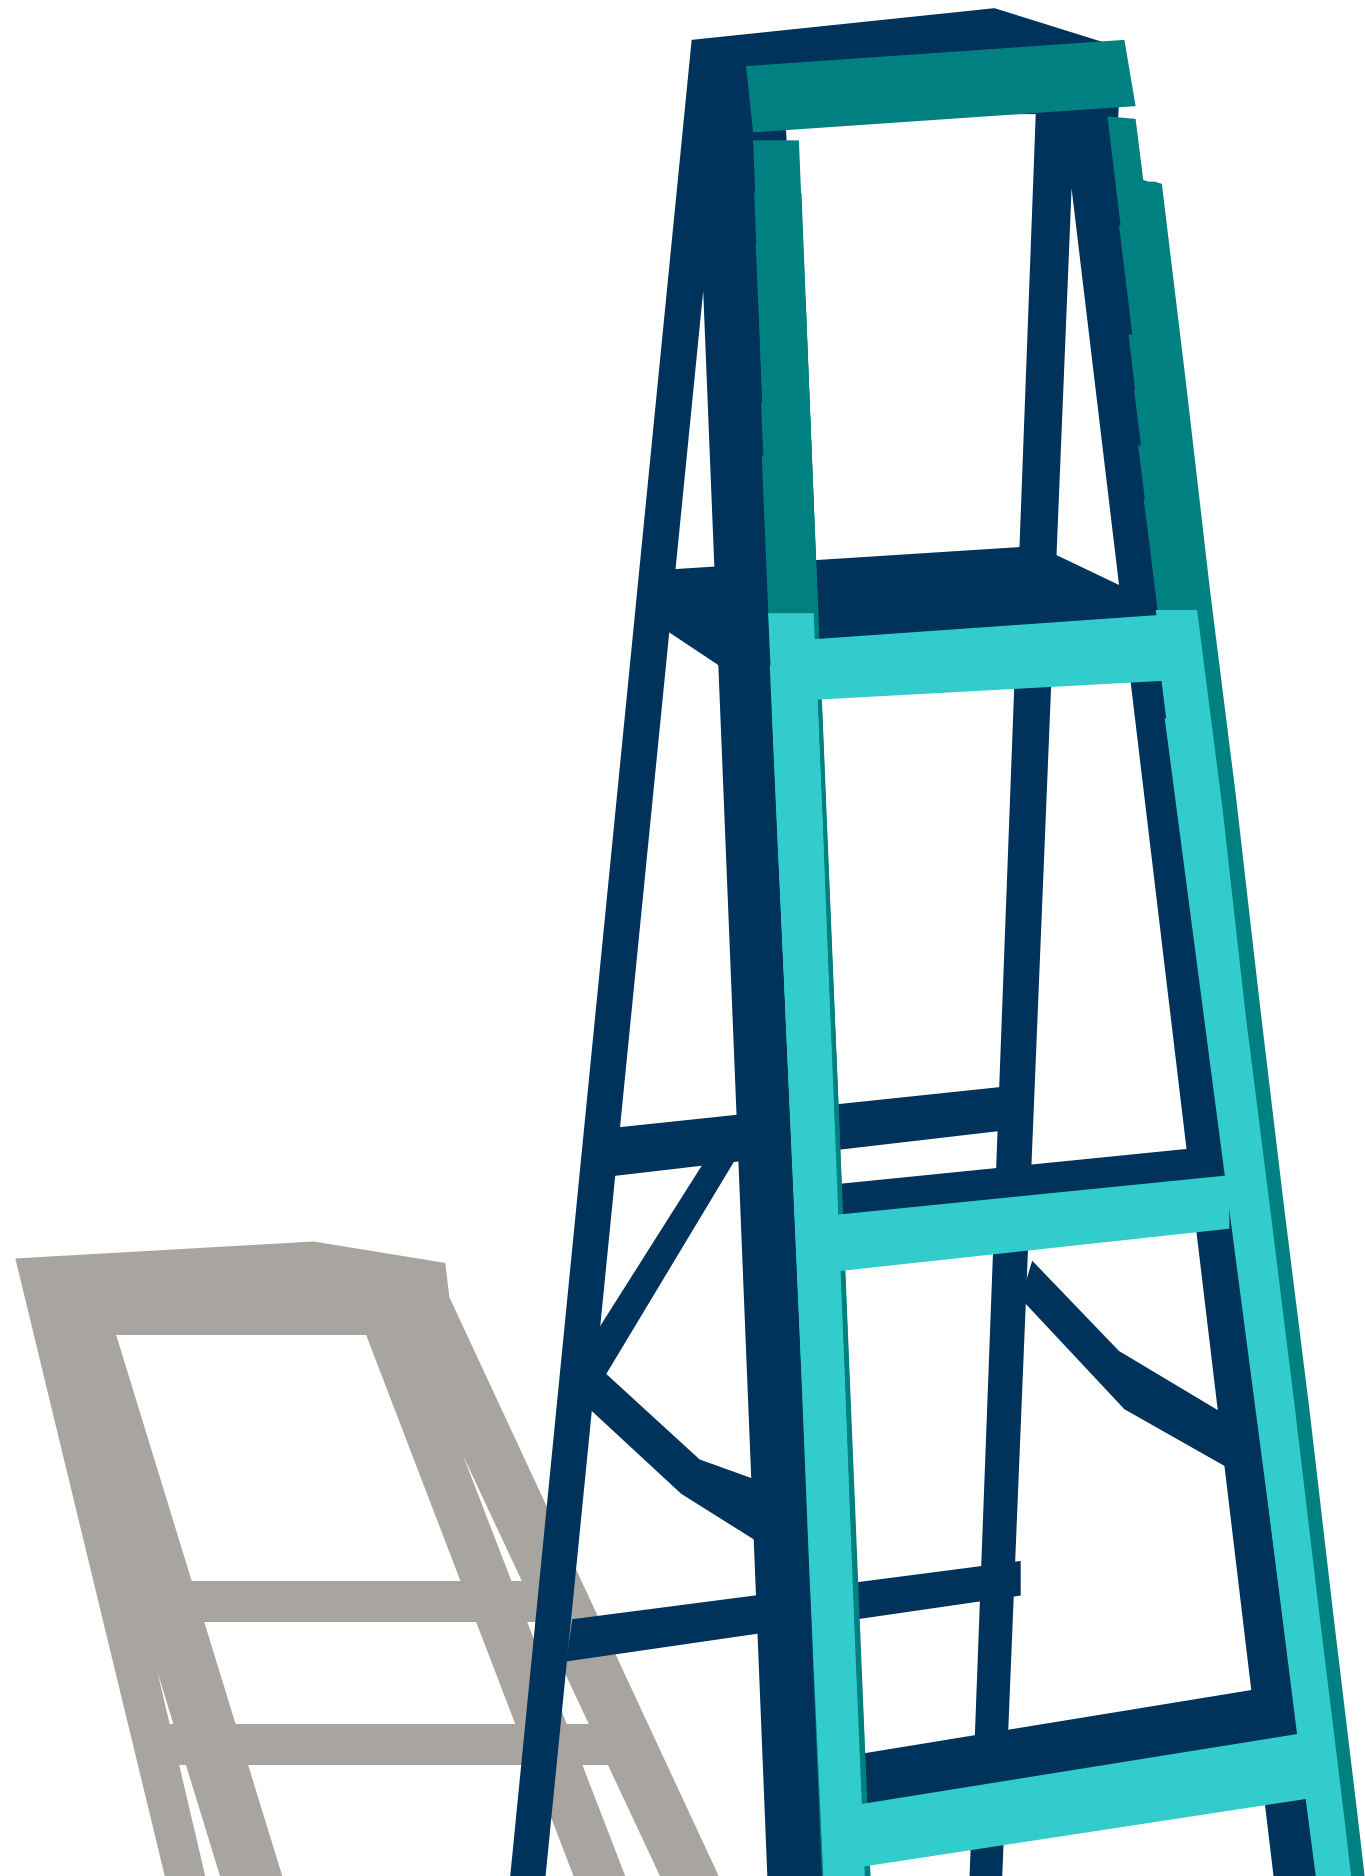

**Prepared on behalf of Lancashire Aimhigher**

They will be valued more by future employers.

Gain better paid jobs.

Your child will have a greater choice of careers.

Once your child completes their degree, more opportunities are available to them.

It opens up new interests.

Your child will make new friends.

Higher Education is great for boosting your child's self esteem - it helps them feel good about themselves.

Why should your child go to Higher Education?
