

The revised Centros scheme will create new public spaces at Stonewell, on St Leonard Gate, in St Anne's Place, on Moor Lane and in the centre of the development.

The Musicians' Co-operative will be re-housed within the retained and restored brewery buildings – potentially along with other cultural and arts uses.

The Joseph Storey/Heron Works will be used to create a restaurant quarter close to the canal. The canalside itself will also be enhanced as part of the development.
